

Alert: report of an incident in the Rowley Regis area

**Reported by St Michael's CE High School on Wednesday 6 December 2017
[am]**

At 3.20pm on 5 December 2017, a student was walking from school, down an alleyway towards Brickhouse Primary School, when he was approached by two males. They asked the student if he had weed on him – he replied, “no”. One male searched the student’s pockets and took his phone, which the student managed to grab back. They then took the student’s keys and money, which he was able to get back. As the student attempted to run away he was pulled back by his bag and physically assaulted by one of the males punching him to the right side of his eye.

Description: two black males in their late teens, one wearing a deep red tracksuit and the other a dark blue tracksuit. Both males wore their hoods up and one wore a face mask. One male was of big-build and the other slim-build.

The police were informed of this incident this morning.

Other students have reported similar incidents of being approached by two males, as described above, and the police have been informed.
