Computing

18th December 2018

Dear Parents/Carers

We are writing to you to give you an update on the on-going issues with the J Block and the solutions we are putting in to place with the Local Authority to best manage the situation and keep the school functioning as normal.

The first phase of this will be to have some mobile classrooms delivered and installed on the site. This will take place during the first six weeks of the spring term, with the first classrooms ready to occupy by the 14th January. During this time we will have construction companies and machinery on site which means some areas will be fenced off and will be out of bounds for all students. This will also require us to only use the main school entrance/exit on Oldacre Road with the 'back gate' closed to all students, staff and parents. Traffic on Oldacre Road can be challenging at the best of times so where possible can we please ask you to drop off/pick up your children on Tame Road, the Kingsway Road or from the Co-Op car park.

School will reopen for all students on Monday 7th January after the Christmas break. Lessons due to take place in the J Block will be re-roomed around the school site and eventually in to the mobile classrooms as they become available. Our current plan and intention is to have all year groups in school for the full duration of the time it takes to have the mobile classrooms installed. If this changes for any reason we will be in touch to communicate the updated plan and rationale for the change.

Can we take this opportunity to thank you for your on-going support during this challenging time and to wish you all a Happy New Year.

Yours sincerely

Mr Ian Barton
